The story of a man who takes his dog out for a walk and ends up wth a tiger, a unicorn, an octopus, and even a fox at the end of his leash!

Julien is out walking his dog, but when he's not looking, an eagle carries it off! Now Julien's walking an eagle... which is carried off in turn by a tiger, then a fox, an octopus, and so on and so forth, until Julien gets his dog back.
In this magnificent picture book made completely of cut-outs, extraordinary events invade everyday life through a simple but subtle cumulative effect. Children will be delighted by the suspense: what animal will come next? Will Julien ever figure out what's going on? Our ordinary lives are transfigured in this humorous tale that toys with the conventions of children's books.
