Migrant Planet

Authors: Sophie Lamoureux (Text) - Amélie Fontaine (Illustrations)

Publisher : Actes Sud Jeunesse

Category : Children's Books

Genres : Non-Fiction Children's Books

Keywords : Feminism - Elderly

This book is indispensable for all those who seek to understand one of today's key challenges in the world.

Since the end of the 20th century, migrancy has vastly increased in frequency and volume. Today, one person out of thirty will have left the land where they were born, for reasons economic, political, or climate-related... Not a single place on earth remains unaffected by this phenomenon. These population movements have sparked off many debates in the receiving host countries. This clear, precise book summarizes of the history of migrancy and draws up a list of pertinent questions that so-called "developed" nations must answer today.
