An exciting adventure to discover the great cities of the world.

The world is full of surprising cities: they can be white, colourful, aquatic, arid, saintly, seedy and more. Three animals set off to discover these crazy metropolises – their atmospheres, streets and residents. As readers follow these adventurers on their journeys, they act out sketches that present the most well-known urban areas. The rhythmical texts (a short text for each urban area) are accompanied by large illustrations that will make readers want to pack their bags.
