It's spring again, and Björn is done hibernating. In these six entertaining new stories, our best bear friend continues to explore the human world.

The grass is growing greener, the breeze warmer. One day, Björn the bear wakes to find a tortoise near his cave. It doesn't know the woods well, so Björn shows her around his home, and then his friends turn up. Once they've all shared stories about how they spent their winter, it's back to life as usual for the animals... That is, except when a talking, flashing gadget appears, or they hold an indoor picnic, spend an afternoon at the pool with Ramona, read a lovely letter or, most exciting of all, take a trip on a bus!

After the success of his first six adventures, Björn continues to teach us to appreciate the little things in life: small beauties that can bring a lot of happiness.
