Dany the pebble is sick of people stepping on him. Longing for a better life, he sets out on an adventure to see the sea!

Dany is a pebble. Not just any pebble, though -- he's gazebo gravel! Which means people are always walking all over him... or rolling things like wheelbarrows or worse yet, garbage cans! Until one day, a cute beach pebble named Launay shows up at the bungalow and changes Dany's life. Captivated by Launay's tales, Dany dreams of seeing the sea... Just one problem: Dany has no feet. But don't let the impossible stop you! With the help of Serge, a brave dung beetle, Dany will begin his perilous journey. Their goal: to reach the beach pebble tribe.

With endearing characters and outlandish twists and turns, this picture book takes readers on a journey to freedom.
