Trapped in ice off the world's largest island, Fleur Daugey invites readers to discover Greenland in a beautiful non-fiction comic illustrated by Stéphane Kiehl.

Fleur Daugey sets sail on artist residency aboard the Manguier. With the tugboat deliberately trapped in ice, the crew sets off to explore the massive island of Greenland and meet its inhabitants, a discovery for author and reader alike. From snowmobile trips under the Northern Lights to simple conversations with native Inuits, the extraordinary culture and environment of this untamed land--traditional yet modern, ever full of mystery--unfold before our awestruck gaze. A must for anyone who's ever dreamed of the wild North.
