A beautiful ode to the City of Light, and all the magic encounters to be had there.

Join a curious little dog on a tour of Paris, from the Eiffel Tower to the Centre Pompidou, stopping by the Place de l'Etoile along the way. Discover the postcards he writes to his friends and family to tell them all about his adventures underground (long live the Metro!), in the water (watch out for the River Seine!), and with the people of Paris. This unique itinerary invites readers to lift the flaps, discovering what lies behind the scenes and slipping inside the monuments. Plenty of surprises along the way, some quite unexpected!
