A futuristic novel set in Israel in a world where separatism destroys individual destinies.

In a near future in which separatism has overcome nation-states, ultra-Orthodox Jews, allied with the Russians, have taken over Jerusalem, where they want to found "Greater Israel," while rebels in Tel Aviv are trying to live according to the first kibbutzim communitarian principles. A second wall is built, and sniper robots are installed at the border. Six characters' fates will become intertwined as they risk their lives trying to get past the wall.
