---

A docufiction that deciphers and dedramatizes a mother's alcoholism.

Julie, 14 years-old, is just a normal schoolgirl. But her quiet little life takes an unexpected turn when she realizes that her mother is an alcoholic. To better understand the situation, she will need help... Like a series, this fiction unfolds a succession of episodes, each punctuated by the intervention of a specialized psychiatrist, getting past the preconceived ideas about alcohol addiction.
