Genres : Novels/Fiction

Keywords : Incest - Taste

"I was seven years old the first time I saw my father dressed as a woman."

In a series of erotic tableaux where joy and seriousness of the situation struggle for the upper hand, Anne Serre gives us a game of excess and bad behavior more apt to enchant than unsettle.

Early on, the "table with the gleaming disc" acts as both an erotic object and a means of divination, charged with messages that our heroine, once grown up, will be driven to decode.

This mysterious and bewitching novel has the charm and deep resonance of a fairy tale.
