People are always labeling themselves. But for Priam, those labels are way too limiting!

I used to think of myself as the average guy: middling grades, a loving family, a small group of friends. I used to be the stereotypical geek who ends up with the cute girl at the end of the movie.

In short, my life was boring.

Then Georges showed up, with his straight talk and his crappy jokes, and everything changed. He sent my world spinning.

Obviously, I wasn't going to wind up with the cute girl.
