

## Nursing and Resuscitative Care (6th edition)

---

Authors: Yazid Rouichi - Christophe Prudhomme

Publisher : Maloine

Category : Science, Technology, Medicine

Genres : Medicine

Keywords : Intensive care - Nurse - Medicine

---

Pocket guide to daily practice in resuscitation services for nurses and nursing students.

This book includes a series of summary cards detailing 50 essential actions and techniques, a presentation of the injectable drugs employed in intensive care that require special precautions, as well appendices that provide reminders of major biological tests and their common results.

This new edition has been updated and enhanced in order to integrate the how the techniques described have evolved.
