Blue Lagoon is a carousel book with five settings that open up and showcase their colorful marine wildlife: fish, algae, corals.

This carousel book opens up so readers can discover the richness and beauty of undersea fauna and flora. Can you spot the trumpetfish that looks like a flute? Or the pygmy seahorse, the smallest seahorse of them all? Includes an insert: play the game and find the creatures hidden in the seascape. Careful, some are very well camouflaged!
