Keywords : Humor - School life - Alchemy - Ecosocialism - Undocumented

Everyone talks about trash all the time. Are YOU ready to take the zero waste challenge?

Eleven year-old Austin has had it up to here with trash! The garbage can is spilling over, plastic's piling up in the recycling bin, the refrigerator's full of rotten food! So he convinces his sister and his parents to cut back on their waste. But after a few days, this begins to seem an insurmountable challenge. Will they crack under the pressure?
