See Bali off the beaten path through the eyes of a white monkey battling plastic waste in this highly artful travel diary.

Come on an artistic tour of Bali far off the beaten path! For many, Bali embodies a dream of tropical paradise, but there's a hidden dark side: the island is in the throes of a struggle over waste management. Author Laura Roncallo singles out plastic and ocean dumping for exploration and critique, telling her tale through a traditional mythological figure, the white monkey.

With a vivid color palette and a style all his own, Defe depicts the lush jungle and wildlife in stunning detail, his talent as a naturalistic artist taking this travel diary to the next level.
