"A hilarious new graphic novel series for kids, set in a school for dunces in a world full of monsters and sensitive antiheroes."

A school that encourages kids to sleep in, act up, solve problems by erasing them from the blackboard, and wreak havoc wherever they go – sounds perfect, right? For most people in Monster Land, it sure is! But all Flop wants to do is learn. Much to his parents' disappointment, he insists on being punctual, reading books, keeping his room clean, and playing with his telescope and chemistry set. But as these short stories show, it's tough being a smart nerd in a school full of dummies who love destroying stuff just for the fun of it!
