

The Numbers Put on a Show

Authors: Sylvie Misslin (Text) - Steffie Brocoli (Illustrations)

Publisher : Amaterra

Category : Children's Books

Genres : Activity/Game Books

Keywords : Circus - Counting - Activism - Alternative medicine

Children learn about numbers while having fun.

On each two-page spread, a funny, expressive, anthropomorphic numeral performs a circus act. Six questions invite children to immerse themselves in a fun, lively, colorful world. These questions relate to the number in the spread, but also to such preschool concepts as : above/below, near/far, first/last, plus/minus, large/small.
