A poetic gem, a small pop-up book about life and living that touches on friendship, love, beauty, death, childhood, old age, and optimism.

Each page of this book expresses a feeling, a precious moment, and celebrates life's little but important pleasures in simple prose and striking imagery. At first, the illustrations seem to be in black and white, but with a flip of a flap or a tug on a tab, readers will discover a world of flowers and color! A perfect book for sharing or gifting.
