Marie and Sarah are two Parisian students with nothing in common but their friendship and their quest for the perfect love.

Marie left Brittany to study in Paris. She likes to party, hit the nightclubs, meet people, and have fun! Sarah is Parisian, still lives with her parents, and is as withdrawn as Marie is exuberant and chatty. The two friends are very much a part of their era, and have an idealistic vision of love. When Marie meets Antoine, it's love at first sight and they soon move in together. Sarah goes to the same parties, but she spends her time watching everyone and often goes home alone. Though these two friends have very different ways of searching for happiness and romance, their youthful passions unite them.
