Over 100 maps and documents for understanding the geography of sexuality throughout the world.

Upended by the flood of testimonies unleashed by the #MeToo phenomenon, and issues of gender changing our relationship to our bodies, society faces new stakes surrounding matters of sex:

- Law and justice: prostitution, rape, sexual tourism
  - Romance and relationships: monogamy, polygamy, marriage, and infidelity
  - Assault and discrimination: harassment, contraception, and abortion
  - New practices: legalized marriage, apps, and dating sites
- Where do taboos and freedoms stand? What has happened to traditional models? In 100 maps, this atlas provides an unprecedented geographical overview of sexuality in France and Europe and around the world.
