Love letter writer for hire: a far more hazardous occupation than it might seem!

Sam loves writing more than anything else, so to get his best friend out of a romantic tight spot, he agrees to write a letter for him. Just one. What's the big deal anyway, right? Writing a letter can't be that hard. Sam pulls it off, and the beautiful Julia falls for his friend Victor. All's well that ends well. But then the two boys' scheme gets out, and Sam soon finds himself penning love letters for everyone. There's just one problem: how to come up with inspiration when he doesn't love anyone himself. It's almost Valentine's Day, and Sam's got a bad case of writer's block!
