From the Middle Ages to the 1970s, Fredegund cares little about the fashions of the day. She'd rather saunter through time, free as a breeze!

Fredegund is no ordinary little girl: she has the power to jump from one century to another. One morning in the 14th century, she bangs on her drum and poof! She disappears to reappear a hundred years later, in another castle, where she gets a 15th-century makeover. But the tight outfit practically suffocates her, so she jumps again: to the next century! Each time she beats on her, she leaps through time, always refusing to let herself be constricted by uncomfortable clothes. A mischievous journey through the history of fashion!
