Become a parent isn't always easy.
You might even say it can be really hard!

Why? When? How?

This comic book collects firsthand testimonials about life journeys, organized by theme, in an attempt to put words to just what "bringing a baby into the world" means in today's society.

Doctor's visits, rejoining the workforce, parental leave, policies and demands, disappointments, moments of pure joy... This book lends a voice to those edging one step closer to parenthood with each passing day.
