It's hard to tell your relationship is toxic, especially when you're trying hard to please, and no one ever told you about consent.

In 2011, Pia went from public to private school, entering senior year with one goal in mind: a boyfriend, a hip crowd, and wild nights of partying. To her, that's the normal life of a girl her age.

Fresh asks questions about the often toxic and abusive character of first love, focusing on supposedly harmless details from daily life. Critiquing a middle-class world that fosters atmospheres for teens far from conducive to consent, this book explores an idea central to today's debates, but far less common a decade ago.
