Presidents - Second chance

The promise of a fresh start.

Thirty-five-year-old Victoria Delmas runs her advertising agency with an iron fist. One December morning, her life is turned upside down. She is hit by a bus, falls into a coma, and ends up in a rehab center. This mysterious organization offers her a deal: in order to be given a second chance, she must make amends with someone she has hurt in the past. The mission may prove difficult, for while Victoria may be great at her job, building relationships with others is not her strong suit. But she will have to adapt. And if there's one time of the year we can hope for a miracle, it's... Christmas!
