There are a thousand ways to explore the Blue Eye of Siberia, a multicultural gem hidden in the heart of the taiga!

Lake Baikal is superlative in so many ways: it's the oldest, deepest, largest freshwater lake in the world! Long worshipped by ancient peoples, it has been a part of shamanic rituals. Since then, this remote place, deep in the taiga and subject to extreme climate conditions, has attracted the bravest explorers for its astonishing biodiversity.
