The wild ducks dwell comfortably in a hollow tree in the city. They like quiet and sleeping in their cozy beds... but not today! Today is party day!

The wild ducks live in a city, but off to one side, all together in a hollow tree with all the creature comforts: bathroom, kitchen, library—even a piano!

Today is a special day: they are getting ready to throw a big party! Follow along as the ducks empty their tree of its furniture and knickknacks, send invitations to all their friends, and hold auditions to decide on music... until it all comes to a head with the party itself! A poetically whimsical, amusing, and essential book for young ducklings and wild children. Or is it the other way around?
