It's Christmas, and the whole family has gathered to open presents. Get ready for some surprises!

A wrapped present is magical, because what's inside is left to your imagination. But this year, Christmas proves disappointing. Instead of the punching bag he wanted, Sören unwraps his gift to find a stuffed owl on a stand. His little sister, who thought she was getting a small merry-go-round, gets... a bicycle wheel! All the children are disappointed by their presents, which seem to have been recycled for the occasion. Christmas is a time for jokes in this family, but now it's the kids' turn, and they will turn disappointment into a fun, creative experience.
