This book uses caustic humor to denounce the mental load placed on women.

Once upon a time, there was a girl named Snow White. Trying to escape an evil witch, she took shelter in a house full of... 77 dwarves! In exchange for their hospitality, the dwarves asked Snow White to look after them and their house. Exhausted by the dwarves' whims and all the work she had to do, Snow White was only too happy to bite into a poisoned apple and get some rest at last!
