"Choose your own path to follow through the pages of this fascinating book about plants for a smooth, vivid, and brand new reading experience every time!"

Follow the path through twistings and turnings as it winds from page to page. It's up to you to choose which plant you want to find out more about! Will you trace the journey of the dandelion seed as it wafts away on the wind, or rather find out where the poppy gets its name from? Set out to discover wildflowers in fields or by the side of the road?

Every time you pick up this book, you can make different choices and learn about new plants through fascinating anecdotes. A playful work of nonfiction for introducing readers to botany.
