Caroline Fournier, Editorial Director

"There are so many ways to 'carry' a child, and this book with its tender illustrations explores them all, broadening our definitions of motherhood."

There are a thousand and one ways to carry a child. In this soft and fuzzy book, the tender refrain "My mommy carried me" echoes from page to page through the life of a child growing up with his mommy's care and love. Written by a mother who never "carried" her child, this book explores unexpected, alternative dimensions to the act of "carrying," informed always by the love a growing child needs.
