Words really do have power: the power to make connections! This highly addictive series weaves together fantasy, romance, and adventure.

In the kingdom of Helios, words have power to create, destroy, and hold the world in balance. Once spoken, there is no taking them back.

Arya, a young girl from the capital city, has a passion for books, devouring every last word. But little does she know that she is the key to saving her kingdom, the only one that has restricted the use of magic thanks to a treaty. A treaty that does not sit well with the rebels, who will do anything to eradicate it.

At the dawn of the changes that lie ahead, words are waking up to establish order in chaos, truth in illusion. They await their Call. That of... the Word Smuggler!
