A body-positive romance with a plus-size heroine and a highly photogenic hero, without a trace of toxicity.

Adèle is fed up. Fed up with men only interested in her because plus-size women turn them on, men too ashamed to show their love for her in public.

One morning, she bumps into her new patient's neighbor: handsome, instantly appealing Ben. Kind, considerate, and terribly sexy, he has all the features of her ideal man, even if he's very secretive about his private life.

All hell breaks loose when Adèle realizes he's Ben Simonin, the hottest actor of the moment! She's not sure she can cope with the lifestyle of an actor hounded by the press. Ben is certainly not the man for her. So how come when she's by his side it seems like the best thing that's ever happened to her?
