A teenager in love with a '70s star takes his best friend with him to find her on trip to the English countryside that combines romance and humor!

Paris in the '90s. Young Mehdi, 15, confesses a secret to his best friend: he's in love with Mrs. Wynter, the lead actress in a 1970s series. He has decided to go to England to find the star who has been off the radar for 20 years and declare his love for her. And it would be a good idea for Julia to go with him, as she has relatives there who could put them up! Frightened by this completely crazy plan but secretly in love with Mehdi, Julia agrees. The most unlikely encounters await them, from an uncle who literally thinks he's Peter Rabbit to a butler who was once a punk. And in the end, love... but not the kind you think!
