Mutisms: for all the silences that have undermined the Polynesian soul.

Faced with the tragedies that have disrupted her life—from a childhood menaced by her father's violence to an adolescence marked by departures & uprootings—our protagonist has come to doubt her faith in humanity. Only her admiration for Rori, a pro-independence political activist with undeniable charisma, brings a smile back to her face and give her life meaning. But love can't be everything: she will have to go into exile 14,000 miles away, on French soil so foreign to her, to find the strength to put words to the unspeakable and attempt to (re)write her country's history.
