In the space of a single night, everything will turn upside down for Mina and Océan: toward life, or death?

Mina and Océan meet by chance on the rooftop of a Paris apartment building. They've both picked the same spot, on the same night, to end it all. But their encounter makes them change their plans: they decide to grant themselves one more night in town, together.

Just one night. A suspended sentence. A reprieve, during which anything could happen.

A night full of challenges, echos of the past, and the vibrant freedom of the unknown.

Until dawn, when it'll be time to make a decision...
