

Earth-Friendly Gardening

Authors: Marie Lescroart (Text) - Nicolas Gouny (Illustrations)

Publisher : Éditions du Ricochet

Category : Children's Books

Genres : Picture Books

Keywords : Gardening - Compost - Environment - Empowerment - Graphic novel

Do your gardening in tune with nature.

Composting, sowing plants that get along, waging environmentally friendly war against aphids, making fertilizer from nettles: each of the 16 ideas in this book is prefaced from a scientific perspective ("Nature inspires us...") detailing such subjects as how photosynthesis works, what weeds do.

Season by season, all the necessary elements are listed for starting a garden in a yard or on a balcony and making nature your ally!
