A finale of shadows and dragons!

Fauna and Flora, newly elected Major Arcana, begin their tour of the four kingdoms of the Minor Arcana. While Fauna is adored by the crowds, the same cannot be said of her sister, especially as she is unable to activate her new powers. So Flora decides to follow in the footsteps of an ancient Arcana of Death and heads off, alone, to face the terrible island of the Seven Summits. As for Fauna, she sets out to discover the identity of their original parents, while taking on her new duties as High Priestess.
