Couches and therapists' offices in all their varied hues become the stages for humanity's most unspoken and shameful passions.

*The Couches* is a collection of illustrations revolving around the therapist's consulting room and, more broadly, introspective questioning, taking us inside the psyche with humor and creativity. Along the way, we meet disconnected psychologists and patients who push the practice of psychoanalysis to the limit. Mythomania? Acute avarice? Each page is a playlet in which we can all find ourselves, and laugh.
