Discover 40 dinosaurs!

Do you love dinosaurs? Then let's visit the museum! Diplodocus, triceratops, velociraptor... They're all here, following one after another like a huge parade! In this beautiful accordion book, the dinosaurs spread out on a scale of 1/90 so that readers can appreciate them in all their splendor. On the back side (representing the museum), each vertebrae, each tiny part of their skeletons is drawn with precision. On the front side, they come back to life with vibrant colors imagined by the author.
