A princess transformed into an animal to free herself... A series that plays with tales, drawing on their most marvelous and terrifying aspects.

In the heart of the Kingdom of Roncevaux, there was a Palace of Gold. A true jewel surrounded by a supernatural forest, it contained both of the King's most prized possessions: an enchanted donkey and Princess Blanche d'Ivrée. When her father told her that he planned to remarry, Blanche realized she had very little time to convince him that she was worthy of succeeding him to the throne. Caught up in the King's secrets, she would sacrifice anything to escape the trap closing in on her.
