Publisher : Delachaux et Niestlé

Category : Children's Books

Genres : Activity/Game Books - Non-Fiction Children's Books

Keywords : Ecosystems - Playful - Self-confidence

A game book for discovering the animals, plants, and geology of the coastline, all while having fun!

Through approximately 30 games, readers will head out to discover the coastline. In the process, they'll discover the plants and animals that live there (birds, fish, mammals as well as grasses, seaweed, pines, etc.), geological features of the seashore (sand dunes, pebbles, cliffs), and the human activities that have an impact on this ecosystem.
