The Zapatista struggles for an alternative model of political organization explained in a graphic novel format.

In 2021, over two hundred Zapatistas embarked on a mission to "Rebel Land," their name for Europe. For three months, they traversed the continent, engaging with various grassroots initiatives committed to building a better world. As the movement celebrated its 30th anniversary, this story not only highlights their European journey but also delves into the Zapatistas' ongoing struggle in Chiapas for autonomy and the creation of an alternative political organization.
