"Starting out at a new high school is never easy, especially when you're an orphan with strange supernatural powers."

It's not easy starting out at a new high school! Especially when, like Julia, you're an orphan with strange supernatural powers, memories of past eras, and an entire mansion all to yourself! Why, it's enough to annoy or charm her new classmates, which include a group of girls who are as unfriendly as they are popular, bubbly Caitlin and her asthma attacks, and brooding Mika, who drowns his mysterious sorrow by working on ghost-detecting machines... Between mystery, friendship, and the search for self, all these teenagers will cross paths, fight each other, help each other: in short, live!
