

Growth Without Expansion

An End to Urban Sprawl

Authors: Philippe Bihouix - Clémence de Selva - Sophie Jeantet

Publisher : Actes Sud

Category : Humanities and Non-Fiction

Genres : Essay

Keywords : City - Artificialization

Our imaginations are in dire need of an update: there's no call for the city of tomorrow to suffer limitless sprawl.

The sooner we adopt practices of "zero artificialization," the greater our capacity for resilience will be in the face of imminent environmental crises. Cities must set limits on size and stop devouring their surrounding areas as soon as possible while continuing to grow, thrive, and become ever more beautiful.
