Animal Habitats

Authors: Emmanuelle Grundmann (Text) - Chloé du Colombier (Illustrations)

Publisher : Éditions du Ricochet

Category : Children's Books

Genres : Babies/Toddlers/Board Books

Keywords : Shelter - Animals - Intelligence

When it comes to building shelter, animals too can be great architects!

On the prairie, by the river's edge, in trees or underground, animals make their homes. Whether to defend themselves from danger or to ready a cozy spot to welcome their young, beavers, kingfishers, moles, and wagtails need shelter. These little budding architects outdo themselves in creativity when it comes to building a habitat to meet their needs and desires!
