This graphic novel about Julius Caesar's adventurous life reads like an autobiography.

Few people have left a bigger mark on history, and few lived such an adventurous life, as Julius Caesar. His destiny — a sickly orphan boy who would climb to the top of the Roman Empire — is unlike any other. And Caesar himself relates it here, from cradle to grave. Alfred de Montesquiou interviewed some of the world's most eminent Caesar specialists. Those 32 historians, each of whom specializes in a different period in Caesar's life, made it possible to pull off a stupendous feat: creating this 250+-page graphic novel based exclusively on known historical facts.
