Points of reference and keys for deciphering current events.

Does the economy have borders? Who regulates the global economy? Is economic growth essential? Can the market and democracy be reconciled? These questions continuously arise in the news. From clichés to reality, this book provides definitions, analyzes key issues, and offers points of reference to help us see more clearly. An undisputed expert, the author present 40 well-documented briefs that outline the challenges and stakes of today's globalized world.
